RARE opportunity offered the investing public. Coaleo, a perfect substitute for coal is owned by us. Coaleo has been given thorough tests by the largest manufacturing industries in St. Louis and the consensus of opinion is that Coaleo in this country will supersede coal as manufactured coal has superseded mined coal in Germany. France, Holland and other foreign countries. We have now on hand more foreign countries we have now on hand more orders than we can furnish manufacturers with our present capacity, and we are, therefore, offering a limited amount of stock for the purpose of using to manufacture machinery. We are sole owners of all patents and pending patents, for the process of manufacturing. If you are interested, we will send you letters received from manufacturers two have tested coaleo; also send you sample of Coaleo, so you can test it yourself. The possibilities of coaleo are so great that it is almost beyond any one's ability to give a true estimate of the large profits that will be gained from this, the greatest invention of the lage. The company is composed of men of the lage. The company is composed of men of the lage of the lage should be provided by the first set of the lage will be readed by St. Louis.
